

BABY BROWN EYES

(Jane R Snyder, Jeff Snyder, John Nanni)

Verse 1 Saw you clappin' your hands
 Third row from the stage
 And when you winked at me
 I couldn't look away
 My knees were shakin', my heart was achin' for you
 My mind was racin', I didn't know what to do

Chorus 1 Were your BABY BROWN EYES a gift for me?
 I couldn't decide, they were a mystery
 I had to find for myself
 Could you see the love in me?
 Would your BABY BROWN EYES be the ones to set it free? Yeah

Verse 2 When I hold you in my arms
 Don't wanna let you go
 And love that feels this good
 Ain't afraid to let it show
 My knees are shakin', my heart is achin' for you
 My mind is racin', I'm learning what to do

Chorus 2 Yeah, your BABY BROWN EYES were a gift for me
 I realize you're still a mystery
 But I found out for myself
 That you saw the love in me
 And your BABY BROWN EYES were the ones that set it free

Bridge Imagine all these years, and we're still goin' strong
 Through laughter, love and tears, I still sing your song

Solo

Chorus 3 Yeah, your BABY BROWN EYES were a gift for me
 I realize you're still a mystery
 But I found out for myself
 That you feel the love in me
 And your BABY BROWN EYES are the ones

MY BLUEBIRD SKY

(Bob Hatter, Peter Young, John Nanni)

Verse 1 I like those kind of paintings
Big thunderheads over the bay
I could glue myself to a window
Watch a lightning storm all day
When it rains outside I must admit
I get a little blue
Then there was you

Chorus 1 You are MY BLUEBIRD SKY
Clouds disappear at the blink of your eye
The sun comes out when you walk by
You are MY BLUEBIRD SKY

Verse 2 I like those kind of Sundays
You pick me up in your blue MG
We go hiking in the valley
Then chase the sunset at the beach
You tell me your dreams, three kids in the yard
You say it's comin' true
I think so too, cause

Chorus 2 You are MY BLUEBIRD SKY
Clouds disappear at the blink of your eye
The sun comes out when you walk by
You are MY BLUEBIRD SKY

OUTTA NOWHERE

(Darren Long, John Nanni)

Verse 1 I keep my heartaches to myself
 And put my feelin's on the shelf
 Never want to wear them on my sleeve
 But hey, when you get too close watch 'em leave (Gotta be free)
 Yes, in the game of love, I've been stuck in last place
 But now that I've met you, I'm back in the race

Chorus 1 OUTTA NOWHERE, you found a way to entice me
 OUTTA NOWHERE, my world is spinnin' nicely
 Ain't it funny how your love came outta
 The clear blue sky, in the blink of an eye
 Where did you come from, baby?
 This love is goin' somewhere
 Since you came OUTTA NOWHERE

Verse 2 You blew my losin' streak apart
 How did you sneak up on my heart?
 You turned me around with lightin' speed
 You knew your love was exactly what I'd need (Now I can see)
 'Cause I'm laughin' and dancin', emotions runnin' free
 Never thought this romance thing would ever happen to me

Chorus 2 OUTTA NOWHERE, you found a way to entice me
 OUTTA NOWHERE, my world is spinnin' nicely

LITTLE GRAINS OF SAND

(Paul Marshall, Henry Beckett, John Nanni)

Verse 1 I was takin' a drive down at the beach
 When a lady in her Beamer behind me
 Tried to fly past to get somewhere fast
 But a cop waited next to a palm tree
 Blue lights were flashin' the traffic moved slower
 I bet she wanted to start all over

Chorus 1 We can't turn back the clock
 Can't start time or make it stop
 Keeps on tickin' though we try to kill it
 Always sixty seconds in a minute
 Life can slip right through our hands
 Like LITTLE GRAINS OF SAND

Verse 2 There was a reckless kid from my old school
 Who was always tryin' to prove he was so cool
 His folks did their best to keep him in check
 But the boy didn't follow the ground rules
 Shot a man downtown by the One Dollar Store
 Now he's in a prison behind a steel door

Chorus 2 We can't turn back the clock
 Can't start time or make it stop
 Keeps on tickin' though we try to kill it
 Always sixty seconds in a minute
 Life can slip right through our hands
 Like LITTLE GRAINS OF SAND

Bridge I know I've let some people down
 I've pushed until they bend
 I've hurt the ones who care
 Then I tried to make amends

DUST OFF YOUR DREAMS

(Darren Long, John Nanni)

Verse 1 You gave up part of you to be one with me
 To share this crazy life, chasin' our destiny
 You sacrificed more than you should
 Now baby, it's your turn to shine again
 It's your time again, why don't you

Chorus 1 DUST OFF YOUR DREAMS

 And show your paintings, or play a symphony
 I know you will, it's within your reach

SHE WAS RUNNIN' AWAY

(Tirk Wilder, Lucas P Gravell, John Nanni)

Verse 1 She packed her bags and left Detroit
 When she was seventeen
 She blew off her only chance
 To be Homecoming queen
 I met her at a laundromat
 Near Pensacola Bay
 SHE WAS RUNNIN' AWAY

Verse 2 Her clean clothes all folded up
 Smelled good in my back seat
 We headed for the waterfront
 To get a bite to eat
 She held my hand, I felt the love
 In my old Chevrolet, hey, hey
 But SHE WAS RUNNIN' AWAY

Bridge Lookin' back I guess I thought
 She might just settle down
 But her mind was somewhere else
 Far from my home town
 She was young and so was I
 It was the dawning of her day, hey yeah
 And SHE WAS RUNNIN' AWAY

Solo Oooh

Verse 3 She woke me up late one night
 Collect from New Orleans
 She just called to say goodbye
 She had to chase her dreams
 When she promised to come back
 I couldn't help but say
 "You're still runnin' away"

Outro 'Cause SHE WAS RUNNIN' AWAY

LIFE'S WINDOWS

(John Nanni)

Verse 1 Fifteen hours of labor and delivery
 A whole new world opened up to us
 I laughed when your mother cried "We're a family!"
 You lit that hospital room with pure love

Verse 2 You grew like a bean, every year brought somethin' new
 You talked and you walked, read a book, sang and played
 Then a big yellow bus carried you off to school
 We were numb at the curb wonderin' how the time slipped away

Chorus 1 LIFE'S WINDOWS open and close
 Time to make memories comes and goes
 Then a fresh wind starts to blow on us
 There's something new that God wants to show to us
 As LIFE'S WINDOWS open and close

Verse 3 High school days were upon us and the girls started callin'
 You got a job and bought a car, you wouldn't be denied
 Mom and I were proud of you at graduation
 But when you moved out, boy, did we ever cry
 I tell ya, we cried

 There's something new that God wants to show to us

 Tryin' new things
 You're pushin' limits
 Spreadin' your wings

RAILS, RIVERS AND HIGHWAYS

(Jane R Snyder, John Nanni)

- Verse 1 Shooting stars cuttin' through summer nights
Filled with stories Grandpa told
He rode the trains way back in his younger days
Dreamed of whistles when he grew old
Nose out the window smellin' the smoke
Driftin' way back from the stack,
Now he says if he could have his way,
He'd go right back to when...
- Chorus 1 RAILS, RIVERS, AND HIGHWAYS
Filled songs that were sung by hard-working men
Who built 'em, sailed 'em and drove 'em
Over mountains, valleys and bays, amen
Through a land of freedom and faith
RAILS, RIVERS, AND HIGHWAYS
- Verse 2 Rising moon cuttin' through winter nights
Filled with stories Daddy told
He ran a barge way back in his younger days
Dreamed of currents when he grew old
Markin' the depth of each river bend
Plotting his course with a shout
Now he says if he could have his way
He'd head back out to when...
- Chorus 2 RAILS, RIVERS, AND HIGHWAYS
Filled songs that were sung by hard-working men
Who built 'em, sailed 'em and drove 'em
Over mountains, valleys and bays, amen
Through a land of freedom and faith

RIGHT IN FRONT OF ME

(Michael Wheeler, Lance Doss, Jeff Snyder, John Nanni)

Verse 1 It was a laid back Saturday in the afternoon
 Allman Brothers on the radio singin' Statesboro blues
 I was sittin' on the front porch feet up on the rail
 Finally feelin' good again, at least I was until
 I heard that familiar sound pullin' in the drive
 I was scared to look at her, wanted to run and hide

Chorus 1 The past was suddenly
 RIGHT IN FRONT OF ME
 Stirrin' up the pain
 Lookin' for some grace
 Unexpectedly
 RIGHT IN FRONT OF ME
 A ghost of ancient love
 Starin' me in the face, (Ah have mercy)

Verse 2 I was frozen in the moment as she walked toward me
 A slow motion angel with a taste for misery
 She wrapped her arms around me, sweet lips on my ear
 Whispered "Ooh Baby, I missed you", as she blinked away a tear
 Well, I heard those words before then she drove away
 Leavin' heartache behind when I needed her to stay

Chorus 2 The past was suddenly

 Stirrin' up the pain
 Lookin' for some grace
 Unexpectedly
 RIGHT IN FRONT OF ME

Verse 1 When I hit eighteen I was ready to leave home
 Wanting action and lights
 Not small town sights
 That's when I bolted and went out on my own
 For excitement and fun
 Didn't want anyone
 Couldn't find a reason to stay
 Never thought I'd ever be back this way

Chorus 1 IN MY OWN BACKYARD there wasn't much around
 No undiscovered beauty, nobody new in town
 Just a bunch of good ole boys with souped up cars
 And girls I knew I'd never miss
 IN MY OWN BACKYARD
